DINING ROOM

Oggi, come 40 anni fa, Minotti Collezioni crea arredi dedicati ad un cliente esigente che cerca bellezza ed eleganza e che ama scegliere ciò che lo può distinguere.

Le linee esclusive di chiara ispirazione Art Decò sposano lavorazioni tramandate nel tempo; volumi essenziali si vestono di materiali di pregio e collezioni sempre nuove arredano case di prestigio e ambienti esclusivi.

Today, as 40 years ago, Minotti Collezioni produces furniture dedicated to an exacting client who is looking for beauty and elegance and who loves choosing what can make the difference.

The exclusive lines clearly inspired by Art Decò embrace production handed down in the course of time; basic volumes become eminent and even more brand new collections furnish prestigious houses and exclusive locations.

Minotti Collezioni non ha mai perso le caratteristiche della falegnameria in cui, anche oggi, non c'è macchina che possa sostituirsi alle abili mani di chi sceglie, taglia e "cuce" il legno come un vero sarto.

La creatività si manifesta nei materiali proposti, nelle linee della boiserie in Ebanò Makassar con inserti in Madreperla, nel legno abilmente lavorato unito al Nabuk stampato; in ogni elemento delle collezioni vive un life style che abbraccia tutta la casa.

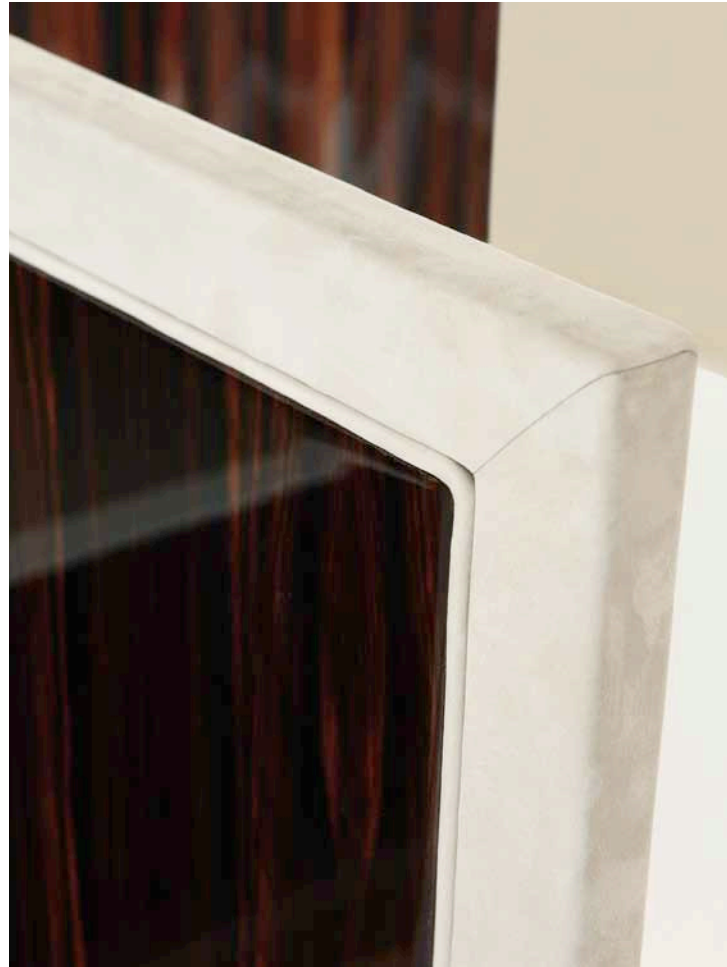

Minotti Collezioni had never lost the features of joinery in which, today too, there is no machine that could replace the expert hands of who chooses, cuts and "sews up" the wood as a real tailor.

Creativity is shown in proposed materials, lines of boiserie made of Ebony Makassar with inserts in Mother-of-pearl, proficiently carved wood joined to quilted Nabuk; in every single element of the collections lives a lifestyle embracing the house completely.
